PERSONAL STATEMENTS

Proactive and hardworking person with good front-end skills. Aimed to take a challenging role as Front-end developer with a focus on ReactJS.

Ready to take responsibility for a result.

EXPERTISE

Technical Skills

JavaScript, Angular 1x, React, Redux/Mobx, TypeScript, Backbone/Marionette, HTML/CSS, Nodejs/KoaJS/Express, Bootstrap, Git, Stylus, Mocha/Jest, Cordova, Webpack, Gulp.

I tend to write only reusable and maintainable code and styles.

Work-related characteristics

Scrupulously vigilant about the details.

Good communication skills. I've worked in various types of team, and I can easily find common ground with anyone.

I got solid management skills through my experience at the NGO. Able to motivate and direct others, dealing with conflict in the team, coordinates tasks, meets deadlines, sets goals.

Languages

English – upper-intermediate.
